

Predicted growth chart of Jackpots

In accordance with the game platform's financial prognoses, the jackpots' prize funds will regularly grow alongside the growth of the game platform's audience, bets and revenue. Participation in Jackpot lotteries is available to

- players (Weekly Jackpot)
- token holders (Weekly and Monthly Jackpots)

Below is shown a growth chart of the Jackpots distributed between players and token holders for the period of April 2018 – Q4 2019

Jackpot growth chart

* In June 2018, the first Weekly and Monthly Jackpot lotteries will be launched, the Jackpot funds will begin to accumulate with the beta launch of ETH and BTC payment acceptance from April 2018

** *Weekly Jackpot* – will accumulate over several months, from the start of April to the first lottery in June 2018 (with a starting bonus of \$3,000)

*** *Monthly Jackpot* – will accumulate over several months, from the start of April to the first lottery in June 2018 (with a starting bonus of \$5,000)

**** *Daily Jackpot* – will be launched in December 2018, currently not included in schedule. The schedule will be updated at launch time

***** in spite of the fact that the prognosis is built on the working business model of one of the mixed cryptocurrency services ([BitKong](#) & etc.) and experienced business managers, we request that this schedule be treated as a proposed schedule which may grow or shrink
